** Through a generous gift from the Lilly Endowment, Inc., Marquette University has created a pastoral leadership program for early career clergy and pastoral ministers. As part of this program and in gratitude for the women and men who serve as leaders in our communities, we are offering this day for pastors to gather and find inspiration and support for their ministries.*

At this event, we will also be introducing "Companions in Ministry" a generous \$1 million grant from the Lilly Endowment, Inc., through their Thriving in Ministry national initiative to support clergy in all aspects and stages of their ministry. We look forward to your presence and would ask for your thoughts and feedback on types of small affinity groups of pastors for this initiative.

Space is limited. For additional information and to register, please see our website:
