

# CSI: Identification of Schools

## Which schools are eligible for CSI?

Type 1:

Lowest performing  
5% of Title I schools

Type 2:

All high schools  
with graduation  
rates below  
67%

How often are schools identified for CSI?

Identification process occurs  
once every three years

First identification based on  
2018 Dashboard results

Schools can be identified for Support and Improvement in the following three categories:

- **CSI**--Comprehensive Support and Improve (criteria for lowest-performing school or graduation rate)  
*Dool Elementary and Aurora High School*
- **TSI**--Targeted Support and Improvement  
*(None this year)*
- **ATSI**--Additional Targeted Support and Improvement (category based on one or more student group(s) underperforming)

*William Moreno JHS and Enrique Camarena JHS*

We have partnered with ICOE to support CSI schools, Aurora High School and Dool Elementary, and ATSI schools , William Moreno Jr. High and Enrique Camarena Jr. High to collect, organize, and examine the data necessary to evaluate the implementation and effectiveness of the CSI plan.

One of our Superintendent's Goals include Executive Team conducting frequent site visits. CUSD Executive Team has visited the following school sites:
