## Experience, Dedication, & Service

These committed hard working ladies have been feeding our students for over 74 combined years at various schools in Calexico Unified. Thank you for the part you play in keeping their bellies full with nutritious, delicious, and well balanced meals.

## Jefferson Cafeteria is #1

For the month of September this cafeteria provided 13,802 lunches and 4,249 breakfasts to our Jefferson Elementary students.

This morning when students were going through the line I saw excitement as they were showing off their costumes and grabbing their yogurts, cereals, muffins, and other offerings. When I asked Marbella Silva what the secret was for having such high meal counts she said while shrugging her shoulders and smiling “I don’t know”. But what I observed was an inviting cafeteria with music playing in the background, Halloween decorations all around, and a positive vibe coming from that kitchen.

These ladies are fast, efficient, and meticulous as they prepare all the meals. This is why they are #1 in production among the elementary schools.

Assembling fresh side salads daily w/ Romaine, spinach, tomatoes, & carrots.
