Plug In Tech Fellows Summer Internship

APPLICATION DEADLINE
APRIL 29, 2022

LA's tech community is growing. We are here to help boost the future talent of South LA.

15-25 talented BIPOC High School and Community College Students in Council District 10 will get to join the Plug In Tech Fellows 8-12 week summer Internship Program. We are on the hunt to find motivated, forward thinking students!

Tech is fast paced and growing quickly, and this public-private partnership focuses on exposing students to high tech startups and providing them with opportunities to develop hard and soft skills that they will need in the future as they enter the workforce.

OBJECTIVES

- Project-Based Learning
- Soft & Hard Skill Development
- College & Job Readiness
- Mentorship Opportunities
- Tech Talent Pipeline
- Build Pipeline for Future Tech Business Owners

ELIGIBILITY

Students, ages 16-24, living or attending school in Council District 10 and interested in Tech. Open to High School Juniors and Seniors and 1st and 2nd Year Community College Students

COMPENSATION

This internship is **paid** with a **15-20 hour minimum requirement**.
