Science Made Fun!

PRESCHOOL & CAMPS

MOST REQUESTED PROGRAMS

The Cycle of Life® Explore the lifecycles of several animals and create a beautiful Lifecycle of a Butterfly to keep. Have a Hands-On look and take home a real insect.

Moovin and Groovin®

Discover Newton's Laws of Motion as we "play" with spinners, eye poppers and Helicopters. Discover why "What goes up must come down!"

Lab 101®

Take the mystery out of chemistry and have FUN at the same time. Uncover the facts as we separate colors and make our slime to keep.

Primarily Plants®

Discover how cool plants really are. Learn all about what plants need to grow. Build your own greenhouse to keep and observe the amazing water cycle happen inside!

Germs make me Sick®

Learn about those nasty little germs that make us sick. Find out how easily germs can be passed around and how you can keep germs off you!

Light Fever®

Discover rainbows and ROY G. BIV. Take home your own Rainbow glasses. Make an ultraviolet detecting keychain.

Dino Daze®

Step back in time to the Age of the Dinosaurs. Become a Paleontologist as we explore a variety of REAL fossils. Make your very own Dinosaur Fossil.

Volcanoes®

Become a Volcanologist and discover the Ring of Fire. Explore the awesome world of volcanoes as we move magma. Get ready for explosive FUN and take home various volcanic rocks

Gold Rush®

Step back in time to the days of the old prospectors as we search for real gems. Become a real geologist as we classify our stones. Take home an assortment of real beauties.

COVID-19 Modifications to Programs, include but not limited to:

- Our scientists are screened daily
- Visiting your school wearing proper PPE and practicing social distancing
- Adapting to your schools safety guidelines
- All programs have been modified to enhance sanitation and eliminate communal supplies
- Equipment is sanitized before and between all classes
