

Meet the

AITC-SK Team

How long have you been with AITC-SK?

"2 years!"

What's your background?

"I have a Bachelors of Education- I started at Briercrest and then transferred to the U of S! I taught elementary for a couple years before joining AITC!"

What's the coolest place you've travelled to?

"The coolest place I've travelled is probably Cambodia! I taught English in Phnom Penh for a month during college and loved walking to the local market after school to buy new (to me) fruits!"

What's your favourite quote?

"Life moves pretty fast. If you don't stop and look around once in a while, you could miss it. (Ferris Bueller)"

Best concert you've been to?

"This is a toss up... The first concert I ever went to was a U2 concert at Soldier Field in Chicago (thanks Dad!) with my whole family, so that's memorable! I also got to see Taylor Swift back in the day on her Speak Now Tour- I took so many blurry photos on my digital camera!"

What's your favourite thing about your job?

"I love being in the classroom and talking to kids about food that is grown right here in Sask, and seeing their excitement about local agriculture! I love developing resources that make it easier for educators to teach about farming and food processes. And I love talking to farmers, volunteers, and people in the ag industry about the positive impact they can have on todays students and the future of agriculture!"
