

DOG VOLUNTEERS *Needed*

STAAR CONFERENCE IS LOOKING FOR DOGS TO PARTICIPATE IN VETERINARY REHABILITATION & FITNESS WORKSHOPS

● STAAR is the premier veterinary conference in canine rehabilitation

- STAAR workshops are instructed and attended by some of the best veterinary rehabilitation professionals in the world.
- To optimize learning, dogs are brought in to help veterinary professionals learn with live dogs.
- More than 80 dogs participate in workshops each year.
- Dogs are never harmed and some do benefit from the treatments.

● Workshops focus on manual therapies & treatments to help pets move better and be more active

Some of this year's workshops include:

- shoulder rehabilitation for pets
- managing dogs with intervertebral disc disease (IVDD)
- manual therapies for dogs with back and hip issues
- conservative management of knee injuries
- building blocks for canine fitness
- laser acupuncture and acupressure

**STAAR - SYMPOSIUM ON THERAPEUTIC
