Greetings,

In 2016, Hire Houston Youth (HHY) was launched through the Mayor's Office of Education. Since its inception, HHY has impacted the lives of over 26,000 young Houstonians by linking them to job and internship opportunities, 98% of whom would recommend a friend to work for their employer.

Corporations looking to hire young, local talent should look no further. Our Hire Houston Youth Job Board is now open for employers to post positions that are available to youth 16 to 24 on a year-round and summer basis.

Joining is free of charge. We only ask that you support the Hire Houston Youth network and submit your hiring and training outcomes with HHY Leadership Team [here](#).

If you have any questions, please schedule a virtual meeting with someone from our HHY team [here](#):
