

**Mark Stuckey**

**Golf has always played a central role in my life. I grew up in St. Peter MN and didn't travel far to attend Gustavus Adolphus College. While there I was a member of the Men's Golf team where I was fortunate to earn All-American honors as well as two All-American Scholar awards. I have worked at a number of golf courses throughout my life and have held various positions at those courses. In high school I worked in the pro shop of Shoreland Country Club where I ran day to day operations and assisted with tournament hosting. During college I was a bartender at the Le Sueur Country Club, and after college I was the bar lead at the Omaha Country Club where I would assist with the running of their various restaurants and events.**

**My passion for running for the board at this time is to help the Crow River Golf Club improve the quality of the golf course for all ages and player levels. I also want to help continue the momentum we have seen on the hospitality side with greater access to the bar and restaurant options for our members.**

**I live in Hutchinson and have been a member at CRGC since moving here 5 years ago with my wife Breanne and four children ages 9, 7, 5, and 18 months. Thank you for your consideration!**

**Cheers!**
