Protecting
the Unborn

Reflection

Catechism of the Catholic Church 2271: "Since the first century the Church has affirmed the moral evil of every procured abortion. This teaching has not changed and remains unchangeable. Direct abortion, that is to say, abortion willed either as an end or a means, is gravely contrary to the moral law".

The word of the LORD came to me: "Before I formed you in the womb I knew you, before you were born, I dedicated you, a prophet to the nations I appointed you." – Jeremiah 1:4-5a

"It is impossible to further the common good without acknowledging and defending the right to life, upon which all the other inalienable rights of individuals are founded and from which they develop. A society lacks solid foundations when, on the one hand, it asserts values such as the dignity of the person, justice and peace, but then, on the other hand, radically acts to the contrary by allowing or tolerating a variety of ways in which human life is devalued and violated, especially where it is weak or marginalized." – Saint John Paul II, *Evangelium Vitae*, no. 101
