

Missions Allocations for 2026

Mission action is an essential part of church life at Park Road, and our Missions are funded with budgeted and restricted (off-budget) funds. In addition, we collect a monthly mission offering that further increases our allocations to missions. In the last few years, our Mission Budget has been reduced significantly, however, our support for Missions has always been far larger than our Annual Ministry Plan (budget) indicates.

The proposed allocation for all Missions at Park Road for 2026 is as follows:
