

Celebrating 50 Years

February

I hope all is well in your congregations and households this February. Lutheran Campus Ministry is getting back into the swing of things, coming back from winter break. With a new spring semester, we are happy to continue some of our ongoing events, and excited for some new possible opportunities. With the pandemic, we are continuing to take proper precautions, while trying our best to keep students connected. This includes zoom events, physically distances and masked gatherings, and online worship together. As always, all are welcome, and we would love to hear about any opportunities to get closer with your congregations. Please contact me with any questions, ideas, or concerns.

Peace,

Lent Services Streamed on the Porch

Lutheran Campus Ministry is looking forward to worshipping together during lent on the back porch (physically distanced). We hope to be able to stream different congregation's services each week. Along with worship, we hope to be able to provide soup suppers for our students on Wednesday evenings before Lent (streamed) services. **If your congregation is interested in provided a soup supper on one of these weeks (6-7 person meal), please let me know.**
