A FAITH BASED and LAW ENFORCEMENT COMMUNITY EVENT!

Protecting Your House of Worship with Compassion and Common Sense

APRIL 29, 2019 · ANDOVER, MASSACHUSETTS

TOPIC: Safety and Security planning is increasingly important for places of worship and faith-based organizations.

From acts of violence and vandalism to disruption of services, there are a wide range of security threats to houses of worship across the country. Law enforcement sources identify places of worship and faith communities as especially vulnerable targets. *But, there are ways to strengthen their protection!*

During this one-day training, the instructor will review cases of violence in places of worship, talk through ways to prevent incidents and respond to an active shooter event and its' aftermath, including effectively working with the media.

In addition, the instructor will guide participants in how to undertake comprehensive safety and security risk assessments and develop policies to effectively address not only acts of targeted violence, but also other areas of vulnerability, including sexual misconduct, financial exploitation and other crisis situations.

DO NOT MISS THIS SPECIAL TRAINING! The time is **NOW** to prepare for an emergency.

TARGET AUDIENCE: All church/synagogue/parish/mosque leaders (pastors, clergy, rabbis, church staff, etc.) and leaders of their congregations (elders, deacons, etc.). Training is also

excellent for all members of the criminal justice community and political leaders.
