

The Coaching Program

Diocese of Western Massachusetts

Went to a great conference but can't seem to take the next steps?

Heard a wonderful presentation that you want to form into a possibility for your parish?

Need some direction to move from conversation into action?

Attended Leadership Day and want to figure out how to follow-up but cannot seem to focus in on a way to do that?

Call a coach!

Our Diocese is starting a coaching program to assist us in moving from idea to action.

A coach can:

Help you focus the question/challenge...

Support you in identifying what you believe your deep challenge is...

Ask questions to help you figure out what your plan is ...

Assist you in articulating your next steps...

A coach IS NOT:

A consultant for a particular program...

A resource for particular programs, though a coaching session might lead you to explore programs...

An "answer" person – the coach is more of a "question" person...

Interested?

Set up a time to hear more!
