

Commerce Connects

Real Estate, MMCP, and Fiscal Are on The Move!

Starting this week, Commerce will see some divisions and sections making big moves- in where they're located. Employees have been preparing for the move for the last several weeks.

On November 8 and 9 the **Fiscal section** will temporarily move to Training Room 3 at Tussing while renovations are completed on their new space.

Our **Division of Real Estate and Professional Licensing** will move on November 10 and 11 from the Riffe building to Tussing and take over the former Fiscal space.

Medical Marijuana moves from the 23rd floor to the former REPL space on the 20th floor on November 11.

And in addition, to accommodate the new Fiscal space, the **Wage & Hour Bureau** within the Division of Industrial Compliance will move to a newly renovated space at Tussing- the former Bedding Lab.

Most of these moves will take place over the Veterans Day holiday weekend and our colleagues will be at home in their new space on November 13.
