

Objectives

- ▶ Provide cultivators and processors licensed by MMCP with a label template which displays all rule-required information in a standard format
- ▶ Create a standardized label in a format that is familiar to patients that will allow access to essential information at-a-glance, regardless of product type or origin
- ▶ Provide partial fulfillment of requirements per OAC 3796:6-3-09(B) and eliminate redundancies

Background

- ▶ Cultivators and processors are required to include specific product on product labels by OAC 3796:2 and OAC 3796:3, respectively.
- ▶ OAC 3796:6-3-09(A) requires specific information to be included on a label for a product to be eligible for sale at a dispensary.
- ▶ OAC 3796:6-3-09(B) allows for the exclusion of some information from a dispensary label if that same information appears on the manufacturer's label.

Requirements

- ▶ All manufacturer product labels are required to include:
 - ▶ Cultivator or processor name & license #
 - ▶ Product ID
 - ▶ Product/strain name
 - ▶ Batch number
 - ▶ Dates: Harvest/manufacture, packaging, testing, expiration
 - ▶ Testing lab name & license #
 - ▶ Cannabinoid info (THC/A, CBD/A)

Requirements

- ▶ Certain manufactured product labels are also required to include:
 - ▶ Ingredient list
 - ▶ Allergens
 - ▶ Method of administration
 - ▶ Caution statements / warnings

Requirements

- ▶ MMCP has also required the inclusion of the universal THC symbol on all products.

Proposal

- ▶ Require producers to utilize MMCP-provided label templates for all products.
- ▶ Include information on the standardized label that partially fulfills the requirements of OAC 3796:6-3-09

Plant material

- ▶ Displays all required names, dates, license numbers
- ▶ Displays required vital stats on the product
- ▶ Displays all required warnings / caution statements
- ▶ Displays required cannabinoids in “Total” and constituent formats
- ▶ Allows for optional inclusion of non-required cannabinoids and terpenes
