The **Coverage Group** field displays the current item coverage for that item at your Agency. “Restricted” items cannot be added on to a replenishment order by the Agency – these can only be added by contacting the LESC and getting approval by the Allocations team. Any item with coverage “MIN” and a quantity in the minimum field will auto-replenish to that level, based on inventory availability.

The **R-14 Bottle Sales** field displays the number of bottles sold of that item by the Agency in the past 14 days.

The **Placement** field describes where the item should be placed for display in the Agency.

Utilize any of the “Search” boxes to filter the results, as needed.
