

Christmas Food Baskets 2020

Due December 20th

Thanks for volunteering to support a family! Here are just a few helpful reminders:

- Please use only non-perishable items, canned or dry.
- Food is for the holiday meal and for a week's worth of other staples
- **Remember** that the size and ages of your family needs one can of vegetable or fruit per meal, small packages of spaghetti, one or two cans of tuna. A large family will need at least two cans of vegetables and fruit per meal, and large packages of spaghetti. If your family includes a baby, teens, or an elderly person consider this in food choices and quantity.
