

Team Bridgeway Laced Up and Showed Up at the Run for Woods!

Team Bridgeway brought the energy, enthusiasm, and sneakers to the 12th Annual Run for Woods System of Care in Langhorne, PA, and what a day it was!

Nearly 1,000 people came together for this amazing event, including clients, patients, students, families, staff, sponsors, volunteers, community friends, and partners from across the Woods System of Care family. The day was filled with excitement from start to finish, from the buzz at the starting line to the celebrations at the finish.

Bridgeway was proud to be part of the fun and even prouder of our incredible team members who laced up and showed up in support of the mission. A big cheer goes out to Team Captain Jodi Traina and Team Bridgeway members Dominic Traina, Elizabeth Santana, Jeuly Urena, Kaiden Burgos Ferreras, Kaylee Burgos Ferreras, Kimberly Ferreras, Kyler Burgos Ferreras, Marcela Delgadillo, Nicole Crowley, Patrick Taylor, Rudy Lopez, Tara Taylor, Stephanie Simon, and Ingrid Montgomery.

Together, Team Bridgeway helped represent the spirit of community, connection, and care that makes this event so special.

The Run for Woods System of Care raised nearly \$350,000 to support life-changing care, education, and services for children and adults served by Woods System of Care affiliates. Every step taken, every dollar raised, and every cheer along the way helped move that mission forward.

The event also welcomed special guests, including Congressman Brian Fitzpatrick and State Senator Frank Farry, along with spirited support from the American Legion of Langhorne, the Eagles Drumline and Cheerleaders, and Swoop, who helped make the day even more memorable.

We are still smiling from this unforgettable day of teamwork, purpose, and fun. Way to go, Team Bridgeway!
