

Millagros Pastrana Cardona Honored with NJPRA Recognition Award

Bridgeway is proud to celebrate **Millagros Pastrana Cardona**, known to many as **Millie**, recipient of the **New Jersey Psychiatric Rehabilitation Association Recognition Award for Supervisors**.

This well-deserved honor recognizes Millie’s outstanding dedication, leadership, and excellence in psychiatric rehabilitation. Her commitment to supporting staff, strengthening services, and helping the people we serve reflects the very best of Bridgeway’s mission and values.

The NJPRA Annual Recognition Awards celebrate exceptional professionals in the mental health and recovery fields, including leaders in direct service, supervision, education, and administration. Recipients are nominated by colleagues for demonstrating the spirit and values of psychiatric rehabilitation and for leading by example.

Certificates of Recognition will be presented on June 11, 2026, during the virtual NJPRA Spring Conference. Award recipients in the supervisory category are also automatically considered by the NJPRA Nominating Committee for the **Supervisor of the Year** honor, which will be presented at the in-person Annual Fall Conference later this year.

Please join us in congratulating Millie on this exciting and meaningful recognition. We are proud of her achievement and grateful for all she does for Bridgeway, our staff, and the people we serve.
