

# KEEP OUR ROADS SAFE & CLEAN

## DON'T PUT GRASS CLIPPINGS IN THE ROAD

Grass clippings on roadways may seem harmless, but they can create serious hazards—especially when wet.

### DANGEROUS

Grass clippings can be as slippery as ice for motorcyclists, bicyclists, and drivers.

### CLOGS DRAINS

Clippings can clog storm drains and lead to drainage and flooding issues.

### EXTRA WORK

It adds extra maintenance and cleanup for our highway crews.

## DO YOUR PART

Keep grass clippings off the road. It's a simple step that makes a big difference!

*Thanks for helping  
keep our roads safe!*
