

Workforce Central Offers Jobseekers Additional Way to Get Connected to the Workplace

Workforce Central is now offering a new way for job seekers to get connected to the workplace. The industry team or *i-Team*, for short, is a set of services specifically focused on various industry sectors. There are 11 *i-Teams* covering a large majority of jobs available in the Central Massachusetts region. The *i-Team* allows an individual to access some special services to help move a career along, such as resources sheets for each industry full of information about the types of jobs found in that industry sector, the typical pay, the projected growth for these jobs, and how to get connected with industry specific organizations.

The *i-Teams* also offer special events and activities such as employer panels and industry specific job fairs, as well as special online *i-Team* LinkedIn clubs to connect you industry experts world-wide for the following industry sectors:

1. Finance
2. Business Services / Administration
3. Green Jobs
4. Health Science
5. Hospitality & Tourism
6. Human Services & Education
7. Information Technology
8. Law, Public Safety, Corrections & Security
9. Manufacturing (including Engineering)
10. Marketing (Retail)
11. Transportation, Distribution & Logistics

For more information regarding i-Team and other job seeker services contact your nearest Workforce Central Career Center.
