

## “Jobs People” Job Fair

With more and more companies outsourcing their recruitment efforts to staffing agencies, not only for their temporary workforce needs but also to screen and source candidates for “permanent” positions at all skill levels, Workforce Central Milford provided space and marketed events to bring pre-qualified job seekers to interview with all the recruiters working with multiple industries for positions at a range of experience levels. The job fair represented eleven agencies from multiple industries including Security, Food,

Manufacturing, and Administration. The “Jobs People” job fair was held on August 10, in Milford from 10:00 – 12:00 PM. This is the first job fair of its kind in the Central MA area and it further strengthens Workforce Central’s collaboration with the local staffing agencies and their association to put people back to work and fill vacancies with area businesses. A total of sixty-one job seekers attended the event and several confirmed job placements.

Many of the job seekers also confirmed next round interviews.
