#### Pastoral Practices, Life Experience, and Moral Theology : *Amoris Laetitia* Between New Opportunities and New Paths

The conference aims to explore the critical issues, provocations, and ideas that emerged from the Apostolic Exhortation *Amoris Laetitia* of Pope Francis. It seeks to understand them in greater depth and to further explore the applications of an evolving theological-moral reflection, and its pastoral implications. We believe that this papal teaching has continuing significance both for the theology of marriage and the family, and for moral theology in general. This approach starts from within an ecclesial horizon and is also ready to re- think theological and moral issues in a constructive dialogue with human experience. This experience is considered both universal and always contextualised by particular cultures and personal events.
