*Mining Morality:  
Prospecting for Ethics in a Wounded World*

William P. George

“*Mining Morality* is a remarkable and necessary book, yet an unexpected one. Remarkable, because it scrutinizes the ethics of five international mining cases within a unifying Christian vision; necessary because mining trails great international evils such as armed violence, trafficking, government corruption, and vast poverty; and unexpected because mining, as the author rightly notes, is daunting territory, to date left virtually untouched by theologians and philosophers. George’s analyses flash brilliance and expand horizons. *Mining Morality* should not be missed by any Christian social ethicist. Its concreteness and often personal tone will be a gift to students in undergraduate, graduate and seminary classrooms.” — **Lisa Cahill, Boston College**

**ABOUT THIS BOOK**

This book examines both the morality of mining – what’s good and not so good about resource extraction – and the mining of morality, thereby bringing mining closer to the center of personal and collective moral consciousness.

**TABLE OF CONTENTS**

- Chapter 1: Introduction: Mining and Moral Consciousness
- Chapter 2: Assembling the Prospector’s Tools
- Chapter 3: Butte, Montana: “The Richest Hill on Earth” and a Moral Morass
- Chapter 4: Nauru: From Pleasant Island to Phosphate Plunder
- Chapter 5: Seabed Mining: From Insight to International Law
- Chapter 6: Uranium in Africa and Beyond: A Matter of Being and Time
- Chapter 7: Asteroid Mining: Ethics for Aliens or for Us?
- Chapter 8: From Prospecting for Ethics to Mining Morality

**ABOUT THE AUTHOR**

**William P. George** is emeritus professor of theology at Dominican University.
