

Please help get the word out at your agency for this upcoming webinar.

TOPIC:

Stepwise Virtual Tutor platform for Workforce Development and Developmental Math

Description: Join us for a presentation from Querium, a corporation that helps students to master critical STEM skills preparing them for college and beyond. This presentation will focus on their Stepwise Virtual Tutor platform for Workforce Development and Developmental Math, which reteaches the fundamental math skills needed for today's middle skills jobs using on-the-job scenarios to keep students motivated and engaged.

DATE/TIME: Wednesday, September 21st at 3pm eastern time

1. Please join this meeting, Sep 21, 2016 at 3:00 PM EDT.
