ATTN: BUSINESSES

MAIN STREET WINDOW MURALS

The City of Gloucester is looking for businesses to participate in "Imagining Gloucester's Future," a series of *free* window murals.

Participating local businesses will be matched with artists selected to create a hand-painted temporary mural on display during the second half of 2026. The theme of these murals is: "***Imagining Gloucester's Future.***" Artists will design murals that will envision the future of Gloucester through community, art, fishing, tourism, geography, and more. The murals should not be considered advertising for the participating businesses.

Details for Businesses

Timeline: Installation will take place from July - mid August

Eligibility: Any business on Main Street. Expressing interest does not guarantee that a selected artist will be matched.

Matching Process: Once selected, artists will be matched with businesses. Businesses will have a chance to review the proposed match and the mural design before installation.

Duration: The temporary murals will be on display for two - three months and then will be removed by the City.

Questions? Interested in participating? Contact Miranda Aisling Hynes, mhynes@gloucester-ma.gov or 978-325-5237
