The Businesswomen's Committee of the Greater Cape Ann Chamber of Commerce is proud to present **Wave Makers ~ Tide Changers**, an inaugural event spotlighting three remarkable women whose vision and leadership are shaping the future of our community.

This engaging luncheon will feature **three dynamic speakers** — one from the **non-profit sector**, one from the **maritime industry**, and one from the **business community** — who will share their journeys, insights, and the impact of their work.

Join us for an afternoon of storytelling, inspiration, and connection as we celebrate the women who are lighting the way, steering the course, and charting the path forward.
