

The safer you drive,
the more you save.

You've always been a good driver; and now your good driving can be rewarded. Through our RightTrack® program, you can install a device in your car that recognizes your safe driving habits, which could earn you a discount of up to 30%.¹

Immediately save for enrolling in the program and installing the RightTrack device.²

Earn up to a 30% final discount based on how much and how well you drive during the 90-day review period.³

There's no cost to you. And no risk. Your final discount will save you between 5% and 30%. And, your earned discount stays with you for the life of your policy.⁴

RightTrack® helps put you in control of your savings.

How RightTrack works.

Once you've taken a few seconds to install your RightTrack device, you're in control. The device will measure four key characteristics of your driving: time of day, miles driven, hard braking, and rapid acceleration. After the 90-day review, you could earn a discount of up to 30%.

You can see how you're doing.

You can review your driving data and view your potential discount by logging into your online account.¹

And remember, no matter how you drive throughout the program, your final discount will save you between 5% and 30%. And, your earned discount stays with you for the life of your policy.

It's easy to start saving.

¹ Discounts and savings available where state laws and regulations allow, and may vary by state. Not available in all states. Please check with your Independent Agent for availability. For those who receive the minimum 5% discount in New York, it will decrease 1% each year over five years down to 0%.

² RightTrack discount only applies to the base coverages of the vehicle.

³ You may opt out of the RightTrack program at any time during the 90-day review period. The enrollment discount will be removed upon noncompletion of the program.

⁴ Subject to terms, conditions, and exclusions. Eligibility for the RightTrack program is contingent upon providing Safeco with a valid email address.
