

Security Health Plan care team to manage members with rare chronic conditions

Effective Jan. 1, 2019, Security Health Plan's health services team will take over care management for about 1,200 of our members who have any of 17 rare, complex chronic conditions. We will provide the services previously provided by nurses from AccordantCareTM.

You may have patients who have received services and developed relationships with their Accordant nurses. Please assure them that our care managers are dedicated to providing personalized care with the support of our other health care professionals. We believe this will be a positive change for your patients.

The Security Health Plan care management team includes registered nurse and social worker care managers with support from pharmacists, physical therapists and other health care professionals. We provide this support for our members enrolled in every plan type, including individual and family, group, Medicare and Medicaid.

These are the 17 specific chronic conditions:

Epilepsy	Cystic Fibrosis (CF)
Rheumatoid Arthritis (RA)	Hemophilia
Multiple Sclerosis (MS)	Scleroderma
Crohn's Disease	Polymyositis
Ulcerative Colitis	Dermatomyositis
Parkinson's Disease	Chronic Inflammatory Demyelinating Polyradiculoneuropathy (CIDP)
Systemic Lupus Erythematosus (Lupus)	Amyotrophic Lateral Sclerosis (ALS or Lou Gehrig's Disease)
Myasthenia Gravis (MG)	Gaucher Disease
Sickle Cell Disease	

If you or your patients have questions, please call Security Health Plan Health Services at 715-221-9944 or 800-472-2363, extension 19944 (TTY 711) from 8 a.m. to 5 p.m., Monday through Friday.
