

Security Health Plan requires electronic submission of prior authorization requests

Prior authorization (PA) requests are easier and faster with the Security Health Plan provider portal. Submit your PA electronically through our secure portal and receive decisions quicker than the traditional method of faxing or calling in a request.

By using the Security Health Plan provider portal ProAuth system, you can avoid delays in necessary care by submitting your PA electronically. [Click here](#) to access Security's prior authorization page or to learn more about the electronic submission process.

There are many benefits to using this electronic submission system including automatic approvals for some procedures and easy viewing of the status of a PA among others. Changes to previously submitted PA's and questions about which services require a PA can be found online using the link provided above.

If you do not have access to the Security Health Plan provider portal, please follow the steps on the PA page or call the Provider Customer Service line at 1-800-548-1224.
