Electronic claims submission

Save money and submit claims directly to Security Health Plan instead of using a claims clearinghouse. It's easy, there are no clearinghouse fees for you or Security Health Plan, you keep control of claims submission and you receive an immediate response if a claim is not accepted.

It's easy to get started.
Simply fill out the Electronic Claims Submission Form and email it to: **shpprd@securityhealth.org.**

After we receive your completed form:
• we set up a secure (SFTP) connection with you
• you send us a test 837 file
• we retrieve your file and process it through our test system
• you receive a response file
