

Security Health Plan January 2026 policy updates

Security Health Plan conducts monthly reviews of its medical policies, which are available in the provider section of the Security Health Plan public website. We encourage providers with specialized professional or clinical expertise to share their insights and feedback as we evaluate and update our clinical criteria. For additional details, including previous monthly policy reviews, please visit our [medical policy webpage](#).

Policy reviews with changes:

- Back Surgical Procedures: Cervical and Thoracic Spinal Levels - Inpatient and Outpatient Settings
- Back Surgical Procedures: Lumbar Spinal Level - Inpatient and Outpatient Settings
- Back Surgical Procedure: Vertebroplasty-Inpatient and Outpatient Settings
- Total Knee Replacement Surgery
- Wearable Hearing Aids

Policy reviews with no changes:

- Amino-Acid Based Oral Formulas for Infants
- Behavioral Health/Substance Use Disorder (SUB) Treatment
- Hyperbaric Oxygen Therapy
- Telehealth
- Total Hip Replacement Surgery
