Important reminder: EFT and ERA requests must be provided by providers directly

Security Health Plan will only accept Electronic Fund Transfer (EFT) or Electronic Remittance Advice (ERA) enrollment/changes directly from a practice/provider.
Security Health Plan will not accept an EFT or ERA form if submitted by a billing service or clearinghouse.

If you are still receiving payments via paper check, please email our Payor Strategy and Network Contracting department at shpprd@securityhealth.org so we may assist in moving your practice to electronic payments.
