

Security Health Plan June 2025 policy updates

Security Health Plan reviews medical policies monthly. Medical policies are in the provider section of Security Health Plan's public website. We invite providers with specific professional knowledge or clinical expertise on certain subjects to provide input and opinions on our policies as we regularly review and develop clinical criteria. For more information including past monthly policy reviews, visit our [medical policy webpage](#).

Annual review with changes:

- Experimental or Investigational
- Femoro-Acetabular Surgery for Hip Impingement Syndrome
- Infuse Bone Graft (Bmp-2) Procedure
- Lipectomy or Suction-Assisted Lipectomy
- Skin Substitutes, Chemical Peels, Dermabrasions, and other Skin Procedures
- Treatment of Chronic Skin Conditions

Annual review with no changes:

- Behavioral Health - AODA: Transitional Care Coverage-Medicare Advantage
- Peripheral Vascular Stent
- Physical, Occupational and Speech Therapy Exclusions
- TMJ Benefit Review

Semi-annual review with changes:

- Genetic Testing medical policies have significant changes for July 1, 2025, effective date, such as retiring, renaming or replacing policies. Additional details will follow in August's Provider News.
