Subject: Men Make Men Sexual Recovery Retreat

Concerning the Come to the Table Ministry under the direction of Tom and Michele Weaver, I publicly declare my ardent support for participation in the upcoming 2024 Men Make Men Sexually Recovery Retreat.

Let me begin by stating the destructive influence of pornography is every man's battle. To put it gently, any man denying this fact is probably lying to himself. If the problem festers in one's life, mutually assured destruction has and will come upon you and those around you. It is no wonder that pornography is a favored weapon of choice among Satan's arsenal.

My kick-off event came last year at the October Retreat. The first observation was being surrounded by men from all backgrounds, occupations, ages, and ethnicities with a singular purpose. The powerful testimonies strike to the nerve center of all participants. On one had you sit and decompress from unbelievable traumatic stories, then give praise on hearing what the Lord has done leading so many out of this horror. The venue is expertly planned and executed while fostering a barrier free environment among all participants. The fellowship achieved, and the bonds made, are nothing short of soldiers engaged in battle – because they are! Of course, the food and accommodations are superlative as always.

No matter where you *think* you may stand with sexual immorality, this function is for YOU. Please join an incredible team that are committed to bring glory to Christ our Lord while fighting the good fight. We, as the church body, need to rally around ministries such as Come to the Table, that are not only standing in the gap, but also literally in the muck of the valley that are ministering souls to victory.

I say then: Walk in the Spirit, and you shall not fulfill the lust of the flesh. - Galatians 5:16
