

Dear Best Foot Forward

Starting off, I want to say thank you for everything you have done for me over the last 2 years, and now to be 3.

You have helped me a lot, providing me with a phone, school supplies, and the amazing graduation coaches.

My graduation coach has helped me be on track with my grades and to be more dedicated to my education. I don't say this to myself much but I saw my full

potential and what I could do in school. Once again I want to say thank you. I am grateful for all the help and all the care you have helped me so much, and best foot forward is a great thing to be part of.

Thank you

Dear bff thank you so much for doing the things you do for me and the others. Without you I would not know the things I know now. You guys shown me that I do have people supporting in school. I know I can all ways call bff and there to help! Thanks for building this program for kids like us who need a little more help. You guys are amazing.

To everyone at
BFF. I'd like to
thank you for all
that you do for us
and our futures.

Some of us are
doing simply fine and
some, not so much
but I can safely

say when BFF
enters our lives, we're
push down the best
possible path we can
go. No one can
do it better than

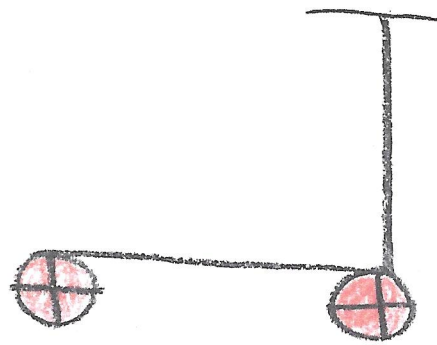

Caren & Karen
though because they
put so much love
and dedication into their
work.
