School Bus Tracker

The School Bus Tracker App That Puts You in Control

Key Features

- ✓ **Live Map View:** See your child's bus location on a map, including its current route & stop location.
- ✓ **ETA Summary:** Know when the bus will arrive — early, late, or right on time.
- ✓ **Multiple Students, One App:** Manage information for all your children through one app.
- ✓ **Custom Alerts:** Get notified about delays, cancellations, and school-wide messages.
- ✓ **Direct Messaging to Transportation:** Send messages to the school's transportation team.
- ✓ **Data Protection:** Your child's personal and transportation data is protected.

Why You Need Chipmunk

-  **Peace of Mind:** Know exactly where your child's bus is and when to expect it.
-  **Save Time:** Fewer calls to the transportation office — your answers are just a few taps away.
-  **Track Every Child, Easily:** Get updates and track all your children through one app.

How to Sign Up

1. Choose Your District

When you open the app, you'll first select your school board or enter a quick code.

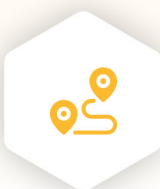

2. Log in or Create an Account

Use your existing BusPlanner Parent Portal credentials, or easily create a new account.

3. Add Your Children

Enter the required information to link your children to your account.

4. Start Tracking

Access the Map, ETA, and Alerts tabs to get all the information you need.
