

T131A - ADVANCED ISSUES RESOLUTION - REFRESHER

Purpose:

This one-day refresher course has been developed in response to the changes to the Construction Act October 2019. Attending and completing this course by June 30, 2020 is mandatory to maintain previously obtained qualification to act as a Project Manager or Contract Administrator on ministry Capital Construction Contracts. This course will review the issue resolution process and build on the attendees' foundation of knowledge with respect to resolving issues that arise during a Construction project. Participants will enjoy interactive discussions with subject matter experts and have a hands-on opportunity to apply the process and gain an enhanced understanding of the skills, knowledge and resources that are critical for the successful analysis and resolution of issues arising through the course of administering a ministry Capital Construction Contract.

Target Audience:

- Contract Administration Consulting staff who have **previously successfully completed the T-131 training**
