First Day Check-In

We've designed the check-in process to go as smoothly as possible. As soon as you **make it to the cruise port**, porters will help you check your bags. Just remember that Norwegian has a limit of two checked bags per person, so **pack light**. Then, you'll head to the terminal and go through a security process that's similar to an airport. Always remember to check in online, as it greatly accelerates the time you have to wait. To make the boarding process easier on Norwegian Bliss and Norwegian Sky use the **Cruise Norwegian app** for online check-in. Always have your travel documents, personal identification, and confirmation printout to present to the check-in agent.

You'll be assigned your stateroom key, and then all you have to do is step onboard. Once everyone is safely boarded, all passengers will participate in the muster drill. A muster drill is a mandatory safety procedure in which the crew will inform you of what to do in the event of an emergency. The process takes just a few minutes, and you can go right back to enjoying Norwegian's countless amenities once you're finished.

Easy Billing Options

Ok, you've made it on board and are enjoying everything Norwegian has to offer. But what if you want to splurge on something that's not **part of your all-inclusive package**? That's not a problem, thanks to Norwegian Cruise Line's easy billing options.

On the **first day of your cruise**, all you have to do is link a payment option to your onboard account. This could be a credit card, cash, or traveler's check. If paying by cash or traveler's check, you'll just need to put a deposit down first. After you spend the deposit, you'll be unable to charge more to your account until you top off again. This makes it easy to buy drinks, a la carte meals, or items from the gift shop.

Laid-Back Dining Atmosphere

On some cruise lines, you need to follow a strict dress code and eat only at designated times. Norwegian Cruise Line is not one of those. When you're cruising with Norwegian, you'll benefit from **our freestyle cruising mindset**, which lets you take better control of your journey.

Don't feel like arranging your day around your pre-assigned dinner time? You won't have to, as we don't enforce any sort of dining curfew. Drop by whenever you're hungry and sit wherever you'd like. Our ships offer up to three main dining rooms, numerous buffets, **specialty dining options**, as well as in-room dining to appease even the pickiest of eaters. Best of all, you never have to dress up just to eat. If you're still in your swimsuit and shorts after a long day on the beach, you'll fit in just fine.

Award-Winning Entertainment

Our freestyle cruising goes far beyond the dining room. We work to provide you with a freestyle entertainment experience as well by offering numerous attractions for the entire family. You'll never run out of fun things to try, including our pools with water slides, sports courts, or Wii console playable on two-story screens. Our favorite entertainment option? Throwing a strike on some of the sea's only bowling alleys. Basically, if it's something fun you like to do on land, we do our best to provide that option to you while cruising on the sea.

With freestyle cruising, you'll also have access to **a number of world-class live entertainment acts**, including Broadway shows, like Rock of Ages, and performances by Cirque du Soleil. Let the live music ease you into relaxation or pump you up for a night of fun. The choice is yours, and we provide as many options as possible to meet your entertainment needs.

Amenities for Days

Of course, Norwegian Cruise Line's entertainment isn't the only thing you'll get to do on the ship. There are a number of other freestyle amenities that let you take control of how you spend your time on the seas.

What can't I bring onboard?

Passengers **should not bring** the following items onboard any Norwegian Cruise Line ship:

- **Drones (Game Flying Device)** Guests are not permitted to bring drones onboard for safety of other guests, as well as the welfare of the vessel.
- **Samsung Galaxy Note7** In light of recent safety issues with the Samsung Galaxy Note7, we are asking our guests who own this model to please avoid traveling with this mobile device. The Federal Aviation Administration has banned the Samsung Galaxy Note7 from all air travel, and until further notice, this device will be restricted from all Norwegian Cruise Line ships. Fire is one of the greatest threats at sea and due to the safety concerns these devices present, if one is found in a guest's possession or unattended in a stateroom onboard, our policy instructs the crew to confiscate the device for safekeeping. The device will remain in our possession, in a safe, monitored location, for the duration of the cruise. Guests can reclaim their device at the conclusion of the cruise from the reception desk.
- **Alcoholic or non-alcoholic beverages of any kind** including water, soda and juices* For more information read our FAQ about "Can I bring water or soda on board?".
- **Unsealed food items** will not be allowed onboard.
- **Firearms, weapons of any kind**, ammunition, explosive substances or any goods of a dangerous nature
- **Irons / Ironing Boards and Steamers** Guests are not permitted to bring and use their own irons or steamers onboard. Norwegian Cruise Line carries a limited number of irons and ironing boards which can be loaned to guests for a few hours at a time. They can be requested through housekeeping or Guest Services Desk. Irons and steamers would both be taken from guests at embarkation and returned at the end of the sailing.
- **Animals of any kind**, except service or guide animals, provided the passenger notifies Carrier prior to the cruise of his intention to bring such animal and agrees to take sole responsibility for any expense, damage, injuries or losses associated with or caused by such animal.
- **Large Batteries, Emergency Position Indicating Radio Beacons (EPIRB), ham radios, satellite phones, transformers, lasers and laser pointers** are not allowed onboard.

Visa Considerations for Guests Cruising to Cuba

Do I need a visa to travel to Cuba?

The Cuban government requires anyone who is traveling to Cuba on a passport other than a valid Cuban passport to obtain a visa prior to their arrival into Cuba. For all visitors who were not born in Cuba, this visa, also known as a "tourist card" (for U.S. residents, this visa also known as a "rosada" must have a pink and blue background; for non-U.S. residents, this visa is issued by the Cuban embassy or consulate in the background color applicable to their country of residency), is required to enter Cuba for non-business purposes. The Cuban visa is valid for a single entry and allows the holder to stay in Cuba for 30 days. U.S. residents may obtain this visa (or "rosada") through Norwegian for a separate processing and procurement fee of \$75 or on your own. For non-U.S. residents, if the Cuban visa issued by the Cuban embassy or consulate in the background color applicable to your country of residency is not accepted by Cuban immigration officials, you will be required to purchase the same Cuban visa (or "rosada") as a U.S. resident. Please note that you will not be allowed to board the vessel without proof of acquiring a Cuban visa.

The Cuban visa is a two-part card. Cuban immigration officials will take both parts upon arrival in Cuba.
