

Who is eligible to purchase State Surplus Property?

The **Texas Facilities Commission** is statutorily charged with administering the State of Texas's surplus property program. Surplus property comes to our agency from state agencies all across the State of Texas. [Anyone in the general public may purchase state surplus property from our program.](#)

We offer two methods of sale—from our [Austin storefront](#) and through [online auctions](#). Property located outside of the Austin area is typically sold via online auction. Our storefront is conveniently located right off of Hwy 183 in east Austin.
