Helping Our Women to offer FREE Masks to the Community

Helping Our Women (HOW) — is distributing free face masks to help slow the spread of COVID-19 in our community.

As an Americorps host site, the Ford Motor Company has made masks available to organizations like HOW in collaboration with the Presidential Inaugural Committee for use with the 2021 National Day of Service.

HOW will use these masks in support of President Joe Biden's first executive order, a "100 Days Masking Challenge," that asks the American people to wear masks for 100 days to slow the spread of COVID-19. HOW received 2,280 masks with the Ford logo stamped on the upper right corner of the mask. These masks are available to the public, non-profit organizations, health care offices and businesses while supplies last. Please call HOW at 508-487-4357 to make a request.

For over 25 years, HOW has built a strong system of supportive services to meet the needs and empower women with chronic, life threatening or disabling medical conditions living in Provincetown, Truro, Wellfleet and Eastham. HOW also provides advocacy, referrals and resources to all community members. To learn more about HOW visit www.helpingourwomen.org.
