

LICENSED MENTAL HEALTH THERAPIST – PASS PROGRAM (PART-TIME, SCHOOL YEAR)

Job Title and Overview

Behavioral Health Innovators, Inc., is seeking a Licensed Mental Health Therapist to support the Cape Cod PASS Program — an innovative, school-based behavioral health intervention designed to support students facing in-school or out-of-school suspension for non-violent offenses as well as supporting any middle or high school student identified with mental health or substance use concerns.

This therapist will lead clinical assessments, referrals, and counseling sessions while helping students build coping skills and reintegrate into school communities. The role is ideal for a trauma-informed, collaborative clinician who is passionate about supporting adolescent mental health and reducing barriers to care.

At A Glance

- Part-time (30 hours/week, 10 months/year – paid over 12 months)
- Location: Barnstable, MA
- Compensation: \$57,500 annually
- Benefits: Paid time off, flexible schedule, professional development assistance

Education and Experience

- Master's in Social Work, Psychology, Counseling, or related field
- LCSW, LICSW, or LMHC strongly preferred
- 2+ years experience in adolescent behavioral health; school-based experience a plus
- Strong understanding of trauma, substance use, and family systems
- Excellent communication, organizational, and documentation skills
- Commitment to cultural responsiveness and inclusion
- CPR certification required or must be obtained
- Reliable transportation to OCHS and school sites

Role Highlights

Conduct clinical assessments for anxiety, depression, trauma, and SUD

Deliver brief interventions and referrals for ongoing services

Collaborate with schools, caregivers, and healthcare providers

Support student re-entry plans and psychoeducational groups

Maintain documentation in compliance with BHI and HIPAA standards

Participate in outreach, training, and community engagement

Join us in building brighter futures for Cape Cod and Nantucket teens through equitable, community-centered behavioral health support.
