Opioid Abatement Funding Application-Information Page

Introduction and Background: “On July 21, 2021 Massachusetts Attorney General Maura Healey announced a \$26 billion settlement agreement with opioid distributors and Johnson & Johnson, which will provide more than \$500 million to the Commonwealth and its cities and towns for prevention, harm reduction, treatment, and recovery across Massachusetts. This settlement holds accountable several corporations that contributed to the overprescription of opioids in Massachusetts and brings needed relief to people struggling with substance use disorder. The settlement agreement includes pharmaceutical distributors Cardinal, McKesson, and AmerisourceBergen as well as Johnson & Johnson, which manufactured and marketed opioids. The settlement also requires significant industry changes that are designed to prevent this from happening again. The AG’s Office supports the settlement and has been laying the groundwork for its implementation in Massachusetts.”

This second round of opioid funding also includes settlements from the following: Teva Pharmaceutical, Walgreens, Walmart and Allergan.
