

“Keeping Kids Safe”

Thursday, June 3, 2021

6:00 pm-7:00 pm

Join community partners, Cape Cod Children's Place and Children's Cove, in an evening of open discussion about safety, abuse prevention and how to have safe, child-friendly conversations about body safety with children.

There's no perfect time or age to speak with your children about body safety. Making it part of regular conversation from their early years through their teens can open the dialogue further when necessary.

We talk with our children about so many important safety topics, including fire, water, car seats and seat buckles, as well as crossing the street. *Let body safety be another topic you introduce.*

Cindy Horgan, Executive Director of CCCP and Jacob Stapledon, Community Engagement and Education Coordinator for Children's Cove, will answer your questions, provide tips, skills, and tools on how to have this important talk with your children.

This program is funded by a SAFE Child Communities grant through the Children's Trust and a Coordinated Family and Community Engagement (CFCE) grant from the MA Dept. of Early Education and Care, administered by the Cape Cod Children's Place.
