Join us for a special edition of Community Office Hours during September, in celebration of **Recovery Month**! Instead of inviting presenters, we will hold this space for community members to briefly share what recovery means to you and what has been helpful on your journey. This is intended to showcase the infinite pathways *to* and *of* recovery and wellness, inclusive of all relationships with substances.

Come to shared your lived experience, or to listen and learn from others. Speakers will be limited to a few minutes each to ensure many voices are heard, so please come prepared to speak about what is most important to you. As always, these office hours will remain grounded in OCHE's shared agreements including recognizing the value of different perspectives and avoiding any language that will stigmatize or shame others.

Contact tyshaun.g.perryman@mass.gov with questions/accommodation requests, or to share your work at an upcoming office hour
