

COVID-19 Test Collection Site

Whole Health Pharmacy is participating as a collection site in partnership with eTrueNorth, a contractor of the U.S. Department of Health and Human Services. Testing services for patients meeting eligibility requirements are now available.

Tests will be provided at **no cost to eligible patients** at this time. This wave of testing will run at least through the end of May.

Patients who may need a test should follow these steps:

- Visit **DolNeedaCOVID19test.com/HMWholeHealth.htm** or call **1-800-451-7449** and complete the assessment to determine eligibility.
- If eligible, the patient will select a time to visit the pharmacy for a test and be issued a test voucher.
- During the visit, the patient will present the voucher and ID to receive a test kit and guidance to self-administer a nasal swab under supervision of a member of our team
- After collecting the sample, the patient will place it in a collection bin for shipment to a lab
- Results will be available to the patient in 3-5 days through the eTrueNorth portal
- Full details will be provided to the patient at the time of testing
