Virtual Parkinson's Good Start Program

Date: Tuesdays, October 20 & 27, 2020

Time: 6 - 8 PM

Location: Virtual Program held via Zoom

Join us for this virtual educational program designed for individuals diagnosed with Parkinson's disease within the past five years. The Parkinson's Good Start Program is a two-part series presented by a team of Parkinson's disease specialists from Boston University Medical Center and Spaulding Rehabilitation Hospital Cape Cod. There is no cost for this program, but pre-registration is required. This program is supported by the Parkinson Support Network of Cape Cod, a branch of the American Parkinson Disease Association Massachusetts Chapter. Contact the APDA I&R Center at 800-651-8466 or email apdama@apdaparkinson.org to register.

ABOUT THE PARKINSON SUPPORT NETWORK OF CAPE COD (PSN)/ APDA BRANCH
The Parkinson Support Network of Cape Cod (PSN), a Branch of the American Parkinson Disease Association, is an alliance of consumers, health and human service providers, and organizations committed to reaping the synergies of our existing resources and stimulating new initiatives for people living with Parkinson's disease and their families/care partners. We collaborate to provide services across the Cape, including educational symposia, specialized art and movement programs, information and referral, and support group services. In 2015, the PSN was designated a branch of the American Parkinson Disease Association, Massachusetts Chapter. For more information, visit www.parkinsoncapecod.org.

ABOUT THE AMERICAN PARKINSON DISEASE ASSOCIATION (APDA)
The American Parkinson Disease Association (APDA) is the largest grassroots network dedicated to fighting Parkinson's disease (PD) and works tirelessly to assist the more than 1 million Americans with PD live life to the fullest in the face of this chronic, neurological disorder. Founded in 1961, APDA has raised and invested more than \$170 million to provide outstanding patient services and educational programs, elevate public awareness about the disease, and support research designed to unlock the mysteries of PD and ultimately put an end to this disease. For more information, visit www.apdama.org.
