

Are You Represented on our Human Services' 'Service Directory' Website? and if not, would you like to be?

1) If you are already listed with us, here's how you can update your information:

- Go to the [Update Listing](#) page of Barnstable County's Service Directory website.
- Type some or all of your agency's name into the "What are you looking for?" field on the center of the page, or click a letter in the alphabet row to find it that way.
- Once you have located and opened your agency's listing, click the blue "Suggest Edits" button at upper right.
- Make all the needed revisions to your listing.
- Click the "Submit" button at the bottom of the page when you're finished.
- Our staff will verify the information with your agency and then update your public-facing Service Directory's listing.

2) If you would like to be listed with us, here's how you can submit your information for approval: [Add New Listing](#)

3) Saving the best for the last...you can add the widget below to your website so both you and your clientele have free access to our online Service Directory! Watch video instructions [HERE](#).

The Barnstable County Department of Human Services' [SERVICE DIRECTORY](#) website, is a robust local health and human services directory with resources for individuals, families, and agencies on Cape Cod with public health questions and concerns. The site provides a vetted medical library, community health indicator data, evidence-based programs, current legislation, and related news. The [SERVICE DIRECTORY](#) also contains comprehensive resources on aging and disability; behavioral health; crisis services; disease prevention and treatment; housing and homelessness; public health; substance use; and basic needs.

Please reach out with any questions to: humanservices@barnstablecounty.org Thank you.
