5:30-6:30 PM

\*This presentation will be offered through an online platform.

[To register please contact us at 508-815-5100](#)

---

We offer this presentation to parents to discuss ways to ensure your child is using their digital devices safely and responsibly. We will discuss what apps your child may be using, what to be on the lookout for, and how to promote using technology as a positive tool for learning and socializing.

**The topics we will cover include:**

- Safety on social media
- Privacy and security on digital devices
- Being a positive “digital citizen”
- Cyberbullying
- Consequences of negative online behavior
- Sexting
- When the inappropriate use of digital devices can become criminal
